

FIVE MILES OF NEW STREETS FOR ALBUQUERQUE

To Be Laid Out in Terrace Addition.

PRIVATE WATER PLANT WILL SUPPLY NEW LOTS

The Terrace Improvement company this week has a large force of men and teams at work on its improvement to the city of Albuquerque and the sand hills on the eastern edge of the mesa opposite the terminus of Silver avenue, rapidly being metamorphosed into a broad level terrace which will be divided up into building lots.

When the improvements are completed five miles of new streets will be opened up in one of the finest residential districts in Albuquerque. The improvement is one of the most important made in the city for a long time and will add greatly to the appearance of that section of Albuquerque.

Trees will be set out along the new streets and water pipes will be laid at once, the company having applied to the city for a franchise to operate a private water plant to supply the addition.

A member of the company stated yesterday to the Journal that \$5,000 is to be spent in the grading and filling and getting the lots ready to be placed on the market.

When the grading is finished, Gold, Silver, Lead and Coal avenue will be extended from their present eastern limits clear through the sand hills to the mesa proper.

A Judicious Inquiry.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or for an adult, and if for a child, they almost invariably recommend Chamberlain's Cough Remedy. The reason for this is that they know that there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. ELEGANT BANQUET SERVED
LAST NIGHT BY ADAM CHAPTER

A brilliant banquet at Masonic hall last night given by Adam Chapter of the Order of the Eastern Star concluded the first day's session of the grand chapter of the order in New Mexico. Frozen Eggs.

When the first shipment of frozen eggs arrived from Australia their extreme hardness surprised the brokers. One man calling at a broker's office was surprised to see him taking aim at a wall with an egg.

"What the dickens are you at?" he said.

But the broker let fly, the only result being a dent in the wall. The thing being explained, the man left with a couple of eggs in his pocket to startle his wife.

Arriving home, he assembled the family together, and then banged an egg at the new baby.

But the smile quickly faded off his face. The egg had thawed.—Birmingham (England) Post.

Insomnia and Indigestion Cured.

"Last year I had a very severe attack of indigestion. I could not sleep at night and suffered most excruciating pains for three hours after each meal. I was troubled this way for about three months when I used Chamberlain's Stomach and Liver Tablets, and received immediate relief," says John Dixon, Tullamore, Ontario, Canada. Housebreakers are climbing the back porches of Las Vegas.

It has been unofficially announced that a third national bank is to be established in Phoenix.

D. E. Hunt, postmaster at Ellison, Gila county, Arizona, has been removed from office for the offense of using stamps in payment of his bills to eastern firms with whom he dealt.

Mrs. J. J. Rath, of Cochise, found a Mexican burglar in her home and at the point of a revolver marched him out into the street and summoned assistance. The Mexican will spend some time in Yuma later.

Slaughter of Quail.

Basing the estimate on the number of hunters in the field and the bags that were made by those who went from Phoenix it is not overestimating it to say that there were from three to four thousand quail killed in this county yesterday.—Phoenix Republican.

Rag Chewing Recommendations.

The Woman's club of Phoenix, has resumed its sessions. At the last meeting of the month the subject of "Philanthropy" will be discussed by representatives of several churches, including the Salvation Army, as well as of secret societies and charitable organizations.

To Subdue the Salt.

Tempe will raise by special tax about \$4,000 to be used with a like amount given by the Santa Fe and Southern Pacific railroad companies in the construction of a dyke to deflect the storm waters of Salt river from threatened invasion of the residential part of the town.

Blue Ribboners Close.

The seventeenth annual convention of the Woman's Christian Temperance Union in Arizona has been concluded at Tempe. Mrs. Inogene LaChance, of Phoenix, was unanimously re-elected as president. Mrs. Anna Thompson, of Phoenix, was elected corresponding secretary.

Hunting for the "Valley."

W. A. Desborough, of San Francisco, has set prospectors at work along the Salt river in the vicinity of Phoenix, looking for gold-bearing gravel on which to place dredging machines. He has been quoted as saying that there are miles of canyon below the dam site that will pay as high as 40 cents to the cubic yard.

Rams for the Navajos.

Last Thursday over three hundred rams arrived in Gallup from Colorado for the Navajo reservation. The sheep are thoroughbreds and are sent to the Indians for the purpose of raising the breed. The sheep attracted considerable attention and were a splendid looking bunch of stock. Friday morning the stock was driven on hoof out of Gallup for the reservation.

Funeral Died of Thirst.

The bones of the body of M. C. "anner, found on the desert twenty-five miles west of Winter's Wells, has been concluded by Acting Coroner Burnett, of Phoenix. That jury found that so far as could be ascertained death was the result of exposure and thirst. There was presented to the jury a statement by Dr. H. A. Hughes, who examined the remains, that the examination on account of the advanced stage of decomposition was very unsatisfactory. The skull was intact, and no marks of violence were discoverable. On none of the other bones could such marks be found save those made by wild animals.

**THAT \$15,000 SANITARIUM
COMING TO ROSWELL.**

Dr. Saltzberger, who has been here for the past few weeks looking for a location for a sanitarium, has finally decided to start such an institution at Roswell, says the Roswell Register. He will be associated in the enterprise with Dr. J. O. Garrard, of Knoxville, Tenn., who will arrive later to assist in the direction of the building of the sanitarium and in its management. Dr. and Mrs. Saltzberger left Sunday morning for a trip through Oklahoma, but the Dr. will return in about a month to complete the arrangements for the new enterprise.

The sanitarium will cost \$15,000 and will accommodate 40 patients at a time. It will be located either in the north edge of town, where different lots are in consideration or in the southeast edge of the city, where R. P. Barnett has offered four acres of ground gratis. It means another institution for Roswell that will bring people here and aid in the growth of the town.
